STATEMENT OF SUBSTANCE OF INTERVIEWS

COMMISSIONER FOR PATENTS
ALEXANDRIA, VIRGINIA 22313

SIR:

Applicants wish to thank Examiner Rajan and Supervisory Patent Examiner Johnson for the interview granted Applicants' representative on January 5, 2010, at which time the outstanding rejections of the claims was discussed. No agreement was reached as to whether the foreign priority application 2003-295482 supports the claimed image generation. However, the Examiners acknowledged that the images generated in Blattner et al. are not on the basis of relationships among the bio-information on the plurality of persons under management.

Further, Applicants wish to thank Examiner Rajan for the telephone discussions with Applicants' representative on January 5, 2010, at which time the Examiner requested authorization to enter an Examiner's Amendment to place the application in condition for allowance, and on January 15, 2010, at which time the Examiner's Amendment was authorized.

Accordingly, it is respectfully submitted that this statement is a proper recodation of the substance of the interviews of January 5, 2010, and January 15, 2010, in compliance with MPEP § 713.04.

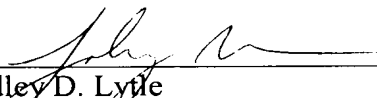

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, L.L.P.
